Nigeria, a Country Study Carlyn Dawn Anderson,1979

My Nigeria Peter Cunliffe-Jones,2010-09-14 His nineteenth-century cousin, paddled ashore by slaves, twisted the arms of tribal chiefs to sign away their territorial rights in the oil-rich Niger Delta. Sixty years later, his grandfather helped craft Nigeria's constitution and negotiate its independence, the first of its kind in Africa. Four decades later, Peter Cunliffe-Jones arrived as a journalist in the capital, Lagos, just as military rule ended, to face the country his family had a hand in shaping. Part family memoir, part history, *My Nigeria* is a piercing look at the colonial legacy of an emerging power in Africa. Marshalling his deep knowledge of the nation's economic, political, and historic forces, Cunliffe-Jones surveys its colonial past and explains why British rule led to collapse at independence. He also takes an unflinching look at the complicated country today, from email hoaxes and political corruption to the vast natural resources that make it one of the most powerful African nations; from life in Lagos's virtually unknown and exclusive neighborhoods to the violent conflicts between the numerous tribes that make up this populous African nation. As Nigeria celebrates five decades of independence, this is a timely and personal look at a captivating country that has yet to achieve its great potential.

Nigeria, a Country under Siege Dele Babalola,Hakeem Onapajo,2018-06-11 This volume offers a comprehensive assessment of the problem of conflict and its methods of management in Nigeria's contemporary democracy. It represents a compendium of resourceful studies provided by experts on conflict studies from various disciplines across the Social Sciences and Humanities. Such studies are very useful at this crucial point in Nigeria's history as there are currently various national and international efforts to address the scourge of violent conflicts that have caused huge numbers of deaths and displacement of persons. The book will be of particular interest and use to conflict researchers, students, practitioners and government officials.

Nigeria: a primary health care case study in the context of the COVID-19 pandemic B. S. C.

UZOCHUKWU,2024-06-06 This case study examines country-level primary health care (PHC) systems in Nigeria. The case study is part of a collection of case studies providing critical insights into key PHC strengths, challenges and lessons learned using the Astana PHC framework, which considers integrated health services, multisectoral policy and action, and people and communities. Led by in-country research teams, the case studies update and extend the Primary Health Care Systems (PRIMASYS) case studies commissioned by the Alliance in 2015.

Ethnicity and Regionalism in National Politics in Kenya and Nigeria: A Comparative Study Godfrey Mwakikagile, This work is a comparative study of ethnic politics in Kenya in Nigeria, two countries on the African continent where ethnicity has played a major role in determining their destiny as much it has elsewhere only in varying degrees. This is similar to the author's other works on Rwanda and Burundi - including "Identity Politics and Ethnic Conflicts in Rwanda and Burundi: A Comparative Study" - where the same phenomenon has had tragic consequences for decades; both works appropriate in their own contexts yet of continental relevance. The work is also an examination of the Nigerian civil war whose tragic consequences included the secession of the Eastern Region which declared independence as the Republic of Biafra after tens of thousands of Easterners were massacred in Northern Nigeria in 1966.

Nigeria and the Nation-State John Campbell,2020-12-02 Nigeria matters. It is Africa's largest economy, and it is projected to become the third most populous country in the world by 2050, but its democratic aspirations are challenged by rising insecurity. John Campbell traces the fractured colonial history and contemporary ethnic conflicts and political corruption that define Nigeria today. It was not—and never had been—a nation-state like those of Europe. It is still not quite a nation because Nigerians are not yet united by language, religion, culture, or a common national story. It is not quite a state because the government is weak and getting weaker, beset by Islamist terrorism, insurrection, intercommunal violence, and a countrywide crime wave. This deeply knowledgeable book is an antidote to those who would make the mistakes of Vietnam, Afghanistan, and Iraq—mistakes based on misunderstanding—in Nigeria. Up to now, such mistakes have largely been avoided, but Nigeria will soon—and Campbell argues already does—require much greater attention by the West.

Agricultural public expenditures, sector performance, and welfare in Nigeria: A state-level analysis Mavrotas,

George,Mogues, Tewodaj,Oyeyemi, Motunrayo,Smart, Jenny,Xiong, Zhe,2018-12-10 Building on the work of earlier studies that looked at trends in and returns to federal public expenditures on agriculture in Nigeria, this paper explores spending patterns at the sub-national state level over a nine-year period, as well as trends in agricultural and economic performance and indicators of household welfare. Our examination focuses on two groupings of states - the full 37 state units of Nigeria (the 36 states, plus the Federal Capital Territory, Abuja); and the seven states that are the focus in Nigeria of the Global Food Security Strategy (GFSS) of the United States Agency for International Development. Sub-national agricultural spending as a share of aggregate agricultural spending in Nigeria is large, given the stronger role for sub-national governments in agriculture than is the case in other sectors. However, we find that the share of state-level expenditures on agriculture as a share of aggregate state-level expenditures is still relatively low, an average of 3.86 percent over the period 2007 to 2015. While the prioritization of agriculture spending varies greatly year by year, the variation over time does not have a discernible long-run upwards or downwards trend. We also find that agricultural expenditures are more capital intensive than are overall public expenditures at state level, but that capital expenditures as a share of total agriculture spending has decline over the last decade, as is the case overall in Nigeria's industrial sectors. We conclude that efforts to strengthen state-level agricultural spending in Nigeria merits greater attention, while putting in place measures to ensure improved effectiveness in any such spending.

Great Nigeria : A Story of Crises and Hope beyond 2015 Samuel Okechukwu,2015-03-25 One of the beautiful and shinning stars of the firmament is the youth. Like every other thing, their stories are full of excitement, emotion and mysteries. Because of the intrinsic nature of their life, they delve into so many things to satisfy their yearnings, desires and wishes. What the reader finds in this book is the Story of Nigeria. A story of hope amidst great tears. A story of the pain and frustration that young people in Nigeria experience as they face a future of uncertainty despite the abundance in Nigeria. It x-rays the ills of the Nigerian society as they actualize the misdeeds of past and present generations which have culminated in dragging Nigeria to the crossroad of her existence in 2015 where her current experiment with democracy may be truncated by the myriad of problems she has failed to tackle over the years. Great Nigeria challenges the youth to draw strength, hope and Inspiration from within and from each other. To forge ahead with the Nigeria Dream in spite of all that has happened.

Atheism In Nigeria: A Review Of Their Reproofs Emmanuel Aghado,2013-12-05 This is an essay that debunked the Nigerian Atheists' claims and accusations against Christianity. No matter how they level such accusations, there is always a rebuttal. This essay was written to help Christians expose the fallacies in the line of argument used by Nigerian Atheists.

Nigeria John Campbell,2010-01-16 An updated edition of this book is now available. Nigeria is the African country of greatest strategic importance to the United States. And it is in danger of failing as a state. John Campbell, former U.S. Ambassador to Nigeria, in *Nigeria: Dancing on the Brink*, analyzes the hollowing out of Nigerian governance, the insurrection in the oil patch, and religious and ethnic conflict in the North. Looking forward to the elections in 2011, he suggests policy options for the United States to help Nigeria escape state failure.

The Pan-African Nation Andrew Apter,2008-10-01 When Nigeria hosted the Second World Black and African Festival of Arts and Culture (FESTAC) in 1977, it celebrated a global vision of black nationhood and citizenship animated by the exuberance of its recent oil boom. Andrew Apter's *The Pan-African Nation* tells the full story of this cultural extravaganza, from Nigeria's spectacular rebirth as a rapidly developing petro-state to its dramatic demise when the boom went bust. According to Apter, FESTAC expanded the horizons of blackness in Nigeria to mirror the global circuits of its economy. By showcasing masks, dances, images, and souvenirs from its many diverse ethnic groups, Nigeria forged a new national culture. In the grandeur of this oil-fed confidence, the nation subsumed all black and African cultures within its empire of cultural signs and erased its colonial legacies from collective memory. As the oil economy collapsed, however, cultural signs became unstable, contributing to rampant violence and dissimulation. *The Pan-African Nation* unpacks FESTAC as a historically situated mirror of production in Nigeria. More broadly, it points towards a critique of the political economy of the sign in postcolonial Africa.

Nigeria John Campbell,Matthew T. Page,2018-06-01 As the Giant of Africa Nigeria is home to about twenty percent of the population of Sub-Saharan Africa, serves as Africa's largest producer of oil and natural gas, comprises Africa's largest economy, and represents the cultural center of African literature, film, and music. Yet the country is plagued by problems that keep it from realizing its potential as a world power. Boko Haram, a radical Islamist insurrection centered in the northeast of the country, is an ongoing security challenge, as is the continuous unrest in the Niger Delta, the heartland of Nigeria's petroleum wealth. There is also persistent violence associated with land and water use, ethnicity, and religion. In *Nigeria: What Everyone Needs to Know®*, John Campbell and Matthew Page provide a rich contemporary overview of this crucial African country. Delving into Nigeria's recent history, politics, and culture, this volume tackles essential questions related to widening inequality, the historic 2015 presidential election, the persistent security threat of Boko Haram, rampant government corruption, human rights concerns, and the continual conflicts that arise in a country that is roughly half

Christian and half Muslim. With its continent-wide influence in a host of areas, Nigeria's success as a democracy is in the fundamental interest of its African neighbors, the United States, and the international community. This book will provide interested readers with an accessible, one-of-a-kind overview of the country.

What Britain Did to Nigeria Max Siollun, 2021-02-25 Most accounts of Britain's rule over Nigeria were written by British officials who presented colonialism as a civilizing mission to rid Africans of barbaric superstition and corrupt tribal leadership; to educate them and convert them to Christianity. Yet-strangely for a colonized people openly described this way by their oppressors-many Nigerians today still view their country's time in the Empire through rose-tinted glasses. Max Siollun offers a bold rethink: a clear-eyed, unromanticized history of colonial Nigeria. He argues compellingly that colonialism was not a system with benevolent intentions. It may have ended practices such as slavery and human sacrifice, but those who resisted were violently repressed; Britain's disruption and forceful remolding of longstanding customs permanently altered the belief systems, culture and internal politics of indigenous Nigerian communities. The aftershocks of this British interference have been felt for decades since independence, as the country continues to suffer from economic and political turmoil that Britain has laid at the doorstep of Nigeria's own leaders. This book is a definitive, head-on confrontation with Nigeria's experience under British rule, deftly showing how the country was forever changed by colonialism--perhaps cataclysmically.
