Indiana Notary Public Guide Indiana Secretary of State,2019-04-06 A notary is a public official responsible for independently verifying signatures and oaths. Depending on how a document is written, a notarization serves to affirm the identity of a signer and the fact that they personally executed their signature. A notarization, or notarial act, officially documents the identity of a party to a document or transaction and the occasion of the signing that others can rely upon, usually at face value. A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. A notary can document that the notary administered an oath to an individual.

Their work is rarely glamorous, but it is so important that the highest courts in the nation routinely accept properly notarized documents as evidence in legal matters. In fact, the law governing notaries gives them the same mission as sworn law enforcement officers, to serve and protect.

Queen of Sorrows Bianca M. Lopez,2024-09-15 Queen of Sorrows takes an original approach to both late-medieval Italian history and the history of Christianity, using quantitative and qualitative analyses of a remarkable archive of 1,904 testaments to determine patterns in giving to the Virgin of Loreto shrine in the late fourteenth and early fifteenth centuries. Bianca M. Lopez argues that in central Italy, as elsewhere, the cult of the Virgin Mary gained new prominence at this time of unprecedented mortality. Individuals gave to Santa Maria di Loreto, which houses the structure in which Mary is believed to have lived, as an expression of their grief in the hope of strengthening family lineages beyond death and to care for loved ones believed to be languishing in purgatory. Lopez establishes statistical correlations between different social groups and their donations to Loreto over time, uncovering informative new historical patterns such as the prominence of widow and migrant donors in the notarial record. The testaments also provide a social history of Recanati, revealing how its denizens venerated Mary as a saint with unrivaled spiritual power and uniquely sympathetic to grief, having lost her own son, Jesus. In the fourteenth century, plague survivors transformed their anguish into Marian devotion. The devastation of the plague brought the Virgin out of noble courts and monasteries and onto city streets. As Queen of Sorrows details, however, the

popularity and growing wealth of Loreto's Marian shrine attracted the attention of the papacy and peninsular seigneurial lords, who eventually brought Santa Maria di Loreto under the control of the Church.

Representing Yourself in Federal Court United States District Court, Northern District of California, 2017-08-04 This Handbook is designed to help people dealing with civil lawsuits in federal court without legal representation. Proceeding without a lawyer is called proceeding pro se, a Latin phrase meaning for oneself, or sometimes in propria persona, meaning in his or her own person. Representing yourself in a lawsuit can be complicated, time consuming, and costly. Failing to follow court procedures can mean losing your case. For these reasons, you are urged to work with a lawyer if possible. Chapter 2 gives suggestions on finding a lawyer. Do not rely entirely on this Handbook. This Handbook provides a summary of civil lawsuit procedures, but it may not cover all procedures that may apply in your case. It also does not teach you about the laws that will control your case. Make sure you read the applicable federal and local court rules and do your own research at a law library or online to understand your case. The United States District Court for the Northern District of California has Clerk's Offices in the San Francisco, San Jose and Oakland courthouses. Clerk's Office staff can answer general questions, but they cannot give you any legal advice. For example, they cannot help you decide what to do in your lawsuit, tell you what the law means, or even advise you when documents are due. There are Legal Help Centers in the San Francisco, Oakland and San Jose courthouses where you can get free help with your lawsuit from an attorney who can help you prepare documents and give limited legal advice. This attorney will not be your lawyer and you will still be representing yourself. See Chapter 2 for more details.
