Colleen Hoover

The Last Good Man Patience Swift, 2008 A man has lived on his own beside a wild, unforgiving coastline for many years. His companions are the birds, the land and the sea. From a choice made long ago, he keeps himself separate from the world of people and he gains a fierce pleasure from his environment. His solitude is broken by his discovery, one early morning on the flat sands of low tide, of a child washed up on the beach, but still alive. This is a novel of redemption, the story of a man experiencing the world as though for the first time.

My Name Is Resolute Nancy E. Turner, 2014-02-18 One of Book Riot's top 100 Must-Read Books of American Historical Fiction! Nancy Turner burst onto the literary scene with her hugely popular novels *These Is My Words*, *Sarah's Quilt*, and *The Star Garden*. Now, Turner has written the novel she was born to write, this exciting and heartfelt story of a woman struggling to find herself during the tumultuous years preceding the American Revolution. The year is 1729, and *Resolute* Talbot and her siblings are captured by pirates, taken from their family in Jamaica, and brought to the New World. *Resolute* and her sister are sold into slavery in colonial New England and taught the trade of spinning and weaving. When *Resolute* finds herself alone in Lexington, Massachusetts, she struggles to find her way in a society that is quick to judge a young woman without a family. As the seeds of rebellion against England grow, *Resolute* is torn between following the rules and breaking free. *Resolute's* talent at the loom places her at the center of an incredible web of secrecy that helped drive the American Revolution. Heart-wrenching, brilliantly written, and packed to the brim with adventure, *My Name is Resolute* is destined to be an instant classic.

In the Land of the Long White Cloud Sarah Lark, 2012 Helen Davenport, governess for a wealthy London household, spots an advertisement seeking young women to marry New Zealand's honorable bachelors and begins correspondence with a gentleman farmer. When her church offers to pay her travels under an unusual arrangement, she jumps at the opportunity. On the ship, she meets Gwyneira Silkham, traveling to meet a New Zealand baron who won her in a game of blackjack. When their new husbands turn out to be very different than expected, the women must help one another find the life they'd hoped for.

Ugly Love Colleen Hoover, 2014-08-05 From Colleen Hoover, the #1 Sunday Times bestselling author of *It Ends with Us*, a heart-wrenching love story that proves attraction at first sight can be messy. When Tate Collins meets airline pilot Miles

Archer, she doesn't think it's love at first sight. They wouldn't even go so far as to consider themselves friends. The only thing Tate and Miles have in common is an undeniable mutual attraction. Once their desires are out in the open, they realise they have the perfect set-up. He doesn't want love, she doesn't have time for love, so that just leaves the sex. Their arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don't expect a future. They think they can handle it, but realise almost immediately they can't handle it at all. Hearts get infiltrated. Promises get broken. Rules get shattered. Love gets ugly.

Standing in the Rainbow Fannie Flagg, 2004-08-03 Good news! Fannie's back in town—and the town is among the leading characters in her new novel. Along with Neighbor Dorothy, the lady with the smile in her voice, whose daily radio broadcasts keep us delightfully informed on all the local news, we also meet Bobby, her ten-year-old son, destined to live a thousand lives, most of them in his imagination; Norma and Macky Warren and their ninety-eight-year-old Aunt Elner; the oddly sexy and charismatic Hamm Sparks, who starts off in life as a tractor salesman and ends up selling himself to the whole state and almost the entire country; and the two women who love him as differently as night and day. Then there is Tot Whooten, the beautician whose luck is as bad as her hairdressing skills; Beatrice Woods, the Little Blind Songbird; Cecil Figgs, the Funeral King; and the fabulous Minnie Oatman, lead vocalist of the Oatman Family Gospel Singers. The time is 1946 until the present. The town is Elmwood Springs, Missouri, right in the middle of the country, in the midst of the mostly joyous transition from war to peace, aiming toward a dizzyingly bright future. Once again, Fannie Flagg gives us a story of richly human characters, the saving graces of the once-maligned middle classes and small-town life, and the daily contest between laughter and tears. Fannie truly writes from the heartland, and her storytelling is, to quote Time, utterly irresistible.

The Art of Patience Sylvain Tesson, 2021-07-13 A journey in search of one of the most elusive creatures on the planet Adventurer Sylvain Tesson has led a restless life, riding across Central Asia on horseback, freeclimbing the Eiffel Tower and Notre Dame, and traversing the Himalayas by foot. But while recovering from an accident that left him in a coma, and nursing his wounds from a lost love, he found himself domesticated, his lust for life draining with each moment spent staring at a screen. An expedition to the mountains of Tibet, in search of the famously elusive snow leopard, presented itself as a cure. For the chance to glimpse this near mythical beast, Tesson and his companions must wait for hours without making a sound or a movement, enduring the thin air and brutal cold. Their vigil becomes an act of faith--many have pursued the snow leopard for years without seeing it--and as they keep their watch, Tesson comes to embrace the virtues of patience and silence. His faith is rewarded when the snow leopard, the spirit of the mountain, reveals itself: an embodiment of what we have surrendered in our contemporary lives. And the simple act of waiting proves to be an antidote to the frenzy of our times. A celebration of the power and grace of the wild, and a requiem for the world's vanishing places, *The Art of Patience* is a revelatory account of the communion between nature and the human heart. Sylvain Tesson has written a new masterpiece on

the relationship between man and beast in prose as sublime as the wilderness that inspired it.

Writing and Literature Tanya Long Bennett, 2018-01-10 In the age of Buzzfeeds, hashtags, and Tweets, students are increasingly favoring conversational writing and regarding academic writing as less pertinent in their personal lives, education, and future careers. *Writing and Literature: Composition as Inquiry, Learning, Thinking and Communication* connects students with works and exercises and promotes student learning that is kairotic and constructive. Dr. Tanya Long Bennett, professor of English at the University of North Georgia, poses questions that encourage active rather than passive learning. Furthering ideas presented in *Contribute a Verse: A Guide to First-Year Composition* as a complimentary companion, *Writing and Literature* builds a new conversation covering various genres of literature and writing. Students learn the various writing styles appropriate for analyzing, addressing, and critiquing these genres including poetry, novels, dramas, and research writing. The text and its pairing of helpful visual aids throughout emphasizes the importance of critical reading and analysis in producing a successful composition. *Writing and Literature* is a refreshing textbook that links learning, literature, and life.

It's Complicated Danah Boyd, 2014-02-25 A youth and technology expert offers original research on teens' use of social media, the myths frightening adults, and how young people form communities. What is new about how teenagers communicate through services like Facebook, Twitter, and Instagram? Do social media affect the quality of teens' lives? In this book, youth culture and technology expert Danah Boyd uncovers some of the major myths regarding teens' use of social media. She explores tropes about identity, privacy, safety, danger, and bullying. Ultimately, Boyd argues that society fails young people when paternalism and protectionism hinder teenagers' ability to become informed, thoughtful, and engaged citizens through their online interactions. Yet despite an environment of rampant fear-mongering, Boyd finds that teens often find ways to engage and to develop a sense of identity. Boyd's conclusions are essential reading not only for parents, teachers, and others who work with teens, but also for anyone interested in the impact of emerging technologies on society, culture, and commerce. Offering insights gleaned from more than a decade of original fieldwork interviewing teenagers across the United States, Boyd concludes reassuringly that the kids are all right. At the same time, she acknowledges that coming to terms with life in a networked era is not easy or obvious. In a technologically mediated world, life is bound to be complicated. "Boyd's new book is layered and smart . . . *It's Complicated* will update your mind." —Alissa Quart, *New York Times Book Review* "A fascinating, well-researched and (mostly) reassuring look at how today's tech-savvy teenagers are using social media." —People "The briefest possible summary? The kids are all right, but society isn't." —Andrew Leonard, *Salon*

First Person Richard Flanagan, 2018-04-03 Kif Kehlmann, a young, penniless writer, thinks he's finally caught a break when he's offered \$10,000 to ghostwrite the memoir of Siegfried "Ziggy" Heidl, the notorious con man and corporate

criminal. Ziggy is about to go to trial for defrauding banks for \$700 million; they have six weeks to write the book. But Ziggy swiftly proves almost impossible to work with: evasive, contradictory, and easily distracted by his still-running “business concerns”—which Kif worries may involve hiring hitmen from their shared office. Worse, Kif finds himself being pulled into an odd, hypnotic, and ever-closer orbit of all things Ziggy. As the deadline draws near, Kif becomes increasingly unsure if he is ghostwriting a memoir, or if Ziggy is rewriting him—his life, his future, and the very nature of the truth. By turns comic, compelling, and finally chilling, *First Person* is a haunting look at an age where fact is indistinguishable from fiction, and freedom is traded for a false idea of progress.

The Last Good Man A.J. Kazinski, 2012-03-06 Reminiscent of Dan Brown, this major Danish bestselling and award-winning novel centers around the mysterious murders of good men and women around the world, and the Danish detective who must solve the riddle--before he becomes the next victim.

The Book of Dreams Nina George, 2019-04-09 Warm, wise, and magical—the latest novel by the bestselling author of *THE LITTLE PARIS BOOKSHOP* and *THE LITTLE FRENCH BISTRO* is an astonishing exploration of the thresholds between life and death. Henri Skinner is a hardened ex-war reporter on the run from his past. On his way to see his son, Sam, for the first time in years, Henri steps into the road without looking and collides with oncoming traffic. He is rushed to a nearby hospital where he floats, comatose, between dreams, reliving the fairytales of his childhood and the secrets that made him run away in the first place. After the accident, Sam—a thirteen-year old synesthete with an IQ of 144 and an appetite for science fiction—waits by his father’s bedside every day. There he meets Eddie Tomlin, a woman forced to confront her love for Henri after all these years, and twelve-year old Madelyn Zeidler, a coma patient like Henri and the sole survivor of a traffic accident that killed her family. As these four very different individuals fight—for hope, for patience, for life—they are bound together inextricably, facing the ravages of loss and first love side by side. A revelatory, urgently human story that examines what we consider serious and painful alongside light and whimsy, *THE BOOK OF DREAMS* is a tender meditation on memory, liminality, and empathy, asking with grace and gravitas what we will truly find meaningful in our lives once we are gone.

A History of Story-telling Arthur Ransome, 1909

I Know Why the Caged Bird Sings Maya Angelou, 2009-04-21 Maya Angelou’s debut memoir is a modern American classic beloved worldwide. Her life story is told in the documentary film *And Still I Rise*, as seen on PBS’s *American Masters*. Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou’s debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their

devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local “powhitetrash.” At eight years old and back at her mother’s side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (“I met and fell in love with William Shakespeare”) will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. “*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity.”—James Baldwin

The Emperor of All Maladies Siddhartha Mukherjee, 2011-08-09 Selected as One of the Best Books of the 21st Century by The New York Times Winner of the Pulitzer Prize, adapted as a documentary from Ken Burns on PBS, this New York Times bestseller is “an extraordinary achievement” (The New Yorker)—a magnificent, profoundly humane “biography” of cancer. Physician, researcher, and award-winning science writer, Siddhartha Mukherjee examines cancer with a cellular biologist’s precision, a historian’s perspective, and a biographer’s passion. The result is an astonishingly lucid and eloquent chronicle of a disease humans have lived with—and perished from—for more than five thousand years. The story of cancer is a story of human ingenuity, resilience, and perseverance, but also of hubris, paternalism, and misperception. Mukherjee recounts centuries of discoveries, setbacks, victories, and deaths, told through the eyes of his predecessors and peers, training their wits against an infinitely resourceful adversary that, just three decades ago, was thought to be easily vanquished in an all-out “war against cancer.” The book reads like a literary thriller with cancer as the protagonist. Riveting, urgent, and surprising, *The Emperor of All Maladies* provides a fascinating glimpse into the future of cancer treatments. It is an illuminating book that provides hope and clarity to those seeking to demystify cancer.

The Thing Around Your Neck Chimamanda Ngozi Adichie, 2010-06-01 These twelve dazzling stories from the award-winning author of *Half of a Yellow Sun* Chimamanda Ngozi Adichie are her most intimate works to date. In these stories Adichie turns her penetrating eye to the ties that bind men and women, parents and children, Nigeria and the United States. In “A Private Experience,” a medical student hides from a violent riot with a poor Muslim woman, and the young mother at the centre of “Imitation” finds her comfortable life in Philadelphia threatened when she learns that her husband has moved his mistress into their Lagos home. Searing and profound, suffused with beauty, sorrow and longing, this collection is a resounding confirmation of Adichie’s prodigious literary powers.

The Never Paradox T. Ellery Hodges, 2017-04-07 If you lost a piece of your memory...Would you trust yourself to have made the right choices...In the moments you can't remember. The Ferox assault has been escalating, drawing Jonathan into combat more and more frequently. With each passing day, he's grown stronger. He can't be certain, but his attackers seem to

be getting... more dangerous'...and, of course, Heyer is gone, again. Then came the glitch. Unexpectedly pulled from battle, Jonathan finds he cannot recall the final moments of his last confrontation. Convinced that his memory loss was no accident, he must uncover the truth. His only leads are a less than helpful artificial alien intelligence, and Rylee, a mysterious and possibly crazy woman, who seems to think they share a history he doesn't remember. With no means to contact the only being who can give him answers, and knowing he has gaps in his memory, Jonathan must make every move uncertain of the consequences. The blond man better show up soon, because events hidden in Jonathan's lost memories may trigger a war humanity isn't ready to fight. The Never Paradox is book two in The Chronicles of Jonathan Tibbs, readers who have not yet completed book one, The Never Hero, will have difficulty following. Parental Warning: This series attempts to keep swearing to a minimum. However, the sequel has one unavoidable usage of the F-word. This is due to its presence in a direct quote taken from another piece of fiction.

Baby No-eyes Patricia Grace, 2009 The saga of a Maori whanau, of how family members grow in strength through their Maoritanga and of how Tawera and the ghost of his dead sister are bound together even after her departure for the spirit world.

Poor Fellow My Country Xavier Herbert, 2014-10-01 'Poor Fellow My Country is an Australian classic, perhaps THE Australian classic' - The Times Literary Supplement. From Australia's oldest publisher comes the longest Australian novel ever published. The winner of the 1975 Miles Franklin Award is now back in print with a new introduction by Russell McDougall. In Poor Fellow My Country, Xavier Herbert returns to the region made his own in Capricornia: Northern Australia. Ranging over a period of some six years, the story is set during the late 1930s and early 1940s; but it is not so much a tale of this period as Herbert's analysis and indictment of the steps by which we came to the Australia of today. Herbert parallels an intimate personal narrative with a tale of approaching war and the disconnect between modern Australia and its first inhabitants. With enduring portraits of a large cast of local and international characters, Herbert paints a scene of racial, familial and political disparity. He lays bare the paradoxes of this wild land, both old and wise, young and flawed. Winner of the Miles Franklin award on first publication in 1975, Poor Fellow My Country is masterful storytelling, an epic in the truest sense. This is the decisive story of how Australia threw away her chance of becoming a true commonwealth and it is undoubtedly Herbert's supreme contribution to Australian literature. Will we ever reach the dream of 'Australia Felix' - the happy south land?
