**What Every Contractor Should Know** David Kalb, 2005-03 Every once in a while a book comes along that fits a need. This book provides specific, practical, accurate and informative answers to questions that impact almost every person, partnership or corporation that requires a contractor's license. These are the most relevant questions and answers from David's published columns during the past decade. It has always been David Kalb's goal to Simplify State Government for contractors and construction businesses that must deal with State government agencies. While mediating problems for California's Governor, David specialized in helping contractors who were having problems with State government. In 1982, he started Sacramento based Capitol Services. Referred to as the Rambo of Red Tape by California Republic magazine, The Los Angeles Times featured David in their Business Section under the headline Making a Living From Cutting Red Tape. It was natural to select cutredtape.com as his Internet address. An excerpt from an article in Construction Data Magazine sums up Mr. Kalb. He is not a construction man, yet the Pacific Coast Builder's Conference recognized him as an expert. Thousands of contractors across the country--many of them with little time to waste--have called Capitol Services to help them in California.

*The Great Spiritual Migration* Brian D. McLaren, 2016-09-20 The Christian story, from Genesis until now, is fundamentally about people on the move—outgrowing old, broken religious systems and embracing new, more redemptive ways of life. It's time to move again. Brian McLaren, a leading voice in contemporary religion, argues that— notwithstanding the dire headlines about the demise of faith and drop in church attendance—Christian faith is not dying. Rather, it is embarking on a once-in-an-era spiritual shift. For millions, the journey has already begun. Drawing from his work as global activist, pastor, and public theologian, McLaren challenges readers to stop worrying, waiting, and indulging in nostalgia, and instead, to embrace the powerful new understandings that are reshaping the church. In *The Great Spiritual Migration*, he explores three profound shifts that define the change: • Spiritually, growing numbers of Christians are moving away from defining themselves by lists of beliefs and toward a way of life defined by love • Theologically, believers are increasingly rejecting the

image of God as a violent Supreme Being and embracing the image of God as the renewing Spirit at work in our world for the common good • Missionally, the faithful are identifying less with organized religion and more with organizing religion—spiritual activists dedicated to healing the planet, building peace, overcoming poverty and injustice, and collaborating with other faiths to ensure a better future for all of us With his trademark brilliance and compassion, McLaren invites readers to seize the moment and set out on the most significant spiritual pilgrimage of our time: to help Christianity become more Christian.
