

Application Forms For The Sa Army 2015

Michael Seilmaier

South Africa's Post-Apartheid Military Lindy Heinecken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security, political and social environment since 1994. In South Africa's changed political state, how has civilian control of the military been implemented and what does this mean for 'defence in a democracy'? This book presents an overview of the security environment, how the mission focus of the military has changed and the implications for force procurement, force preparation, force employment and force sustainability. The author addresses other issues, such as: · the effect of integrating former revolutionary soldiers into a professional armed force · the effect of affirmative action on meritocracy, recruitment and retention · military veterans, looking at the difficulties they face in reintegrating back into society and finding gainful employment · gender equality and mainstreaming · the rise of military unions and why a confrontational, instead of a more corporatist approach to labour relations has emerged · HIV/AIDS and the consequences this holds for the military in terms of its operational effectiveness. In closing, the author highlights key events that have caused the SANDF to become 'lost in transition and transformation', spelling out some lessons learned. The conclusions she draws are pertinent for the future of defence, security and civil-military relations of countries around the world.

Military Construction, Veterans Affairs, and Related Agencies Appropriations for 2015, Part 1, 113-2 Hearings, 2014

Military Construction, Veterans Affairs, and Related Agencies Appropriations for 2015 United States. Congress. House. Committee on Appropriations. Subcommittee on Military Construction, Veterans Affairs, and Related Agencies, 2014

South Africa and United Nations Peacekeeping Offensive Operations Antonio Garcia, 2018-08-17 The creation of the Force Intervention Brigade (FIB) as the sharp tactical edge of the United Nations Stabilisation Mission in the Democratic Republic of the Congo (MONUSCO), tasked with the neutralising of armed groups, was a watershed moment in the history of modern peace missions. What was more significant was that sub-Saharan national leaders were instrumental in the creation of the FIB (South Africa, Tanzania and Malawi), but lacked the resources to deploy such a force and consequently the brigade was deployed under the banner of the UN. With the legacy of an African Renaissance, and its role in the conception of the FIB, South Africa remains a critical player in international peace and security in sub-Saharan Africa, and therefore holds a

key strategic role in achieving the FIBs objectives. This comes at a critical time where blue helmets are increasingly exposed to complex and challenging security contexts. The aim of this work is to provide a conceptual model for South African military future operations and UN offensive peacekeeping operations. In this undertaking, a layer of military and Clausewitzian theory is added to offensive peacekeeping operations. Furthermore, there are sections on operational constructs (capstone and operating concepts), doctrine and structural elements, as well a section on mine action. This book contributes towards an understanding of the nature of modern strategy through the lens of UN offensive peacekeeping operations and provides insights into operational challenges.

Military Review ,2017

Police Integrity in South Africa Sanja Kutnjak Ivkovich,Adri Sauerman,2020-04-29 Policing in South Africa has gained notoriety through its extensive history of oppressive law enforcement. In 1994, as the country's apartheid system was replaced with a democratic order, the new government faced the significant challenge of transforming the South African police force into a democratic police agency—the South African Police Service (SAPS)—that would provide unbiased policing to all the country's people. More than two decades since the initiation of the reforms, it appears that the SAPS has rapidly developed a reputation as a police agency beset by challenges to its integrity. This book offers a unique perspective by providing in-depth analyses of police integrity in South Africa. It is a case study that systematically and empirically explores the contours of police integrity in a young democracy. Using the organizational theory of police integrity, the book analyzes the complex set of historical, legal, political, social, and economic circumstances shaping police integrity. A discussion of the theoretical framework is accompanied by the results of a nationwide survey of nearly 900 SAPS officers, probing their familiarity with official rules, their expectations of discipline within the SAPS, and their willingness to report misconduct. The book also examines the influence of the respondents' race, gender, and supervisory status on police integrity. Written in a clear and direct style, this book will appeal to students and scholars of criminology, policing, sociology, political science, as well as to police administrators interested in expanding their knowledge about police integrity and enhancing it in their organizations.

Military Construction, Veterans Affairs, and Related Agencies Appropriations for 2013 United States. Congress. House. Committee on Appropriations. Subcommittee on Military Construction, Veterans Affairs, and Related Agencies,2012

Military Assistance on Request and the Use of Force Erika De Wet,2020-03-26 In countries such as Syria, Iraq, South Sudan, and Yemen, internationally recognized governments embroiled in protracted armed conflicts, and with very little control over their territory, have requested direct military assistance from other states. These requests are often accepted by the other states, despite the circumvention of the United Nations Security Council and extensive violation of international

humanitarian law and human rights. In this book, Erika De Wet examines the authority entitled to extend a request for (or consent to) direct military assistance, as well as the type of situations during which such assistance may be requested, notably whether it may be requested during a civil war. Ultimately, De Wet addresses the question of if and to what extent the proliferation of military assistance on the request of a recognized government is changing the rules in international law applying to the use of force.

The Origin and Growth of Geography as a discipline at South Africa Universities Gustav Visser, Ronnie Donaldson, Cecil Seethal, 2016-09-20

Sexual Assault from A-Z Annie Novotny, 2023-04-04 In the aftermath of a sexual assault, it is normal for survivors and those that support them to find it hard to define their experience or put their thoughts and feelings into words. It may be difficult to make decisions around how to move forward or begin the healing process. Navigating the responses of the health care system, legal system, justice system, in addition to family and community systems can be overwhelming for both survivors and their allies. This book is a brief but comprehensive guide of common terminology, statistics, and resources relating to the current rape-crisis movement. In an attempt to shine a light on the potentially confusing and re-traumatizing landscape of interventions that provide services to survivors, Sexual Assault from A-Z fosters empowerment and de-stigmatization in order to help survivors and their allies make sense of their experience of sexual assault, and to demonstrate to survivors that they are not alone.

Military Intelligence Professional Bulletin, 1995

For an Anti-capitalist Psychology of Community Nick Malherbe, 2022-04-22 Anti-capitalist political struggle is a site of struggling psychologies. Conscious political action is never far from unconscious desire, and the fight for material justice is always also the fight for dignity and psychological well-being. Yet, how might community psychologists conceive of their discipline in a way that opposes the very capitalist political economy that, historically, most of the psy-disciplines have bolstered in return for disciplinary legitimacy? In its consideration of an anti-capitalist psychology of community, this book does not ignore or try to resolve the contradictory position of such a psychology. Instead, it draws on these contradictions to enliven psychology to the shifting demands - both creative and destructive - of a community-centred anti-capitalism. Using practical examples, the book deals with the psychological components of building community-centred social movements that challenge neoliberal capitalism as a political system, an ideology, and a mode of governing rationality. The book also offers several theoretical contributions that grapple with how an anti-capitalist psychology of community can remain attentive to the psychological elements of anti-capitalist struggle; what the psychological can tell us about anti-capitalist politics; and how these politics can shape the psychological.

Peace and Conflict 2017 David Backer, Ravinder Bhavnani, Paul Huth, 2017-11-08 An authoritative source of information

on violent conflicts and peacebuilding processes around the world, *Peace and Conflict* is an annual publication of the University of Maryland's Center for International Development and Conflict Management and the Graduate Institute of International and Development Studies (Geneva). The contents of the 2017 edition are divided into three sections: » Global Patterns and Trends provides an overview of recent advances in scholarly research on various aspects of conflict and peace, as well as chapters on armed conflict, violence against civilians, characteristics of rebel and state forces, sexual violence, democracy and civil war, terrorism, human rights conditions, and the results of the updated Peace & Conflict Instability Ledger, which ranks the status and progress of more than 160 countries based on their forecasted risk of future instability (adverse regime change, internal war, state mass killing, non-state mass killing). » Special Feature spotlights work on the relationship between refugees and the diffusion of armed conflict. » Profiles surveys developments in instances of civil wars, peacekeeping missions, and international criminal justice proceedings that were active around the world during 2015. Frequent visualizations of data in full-color, large-format tables, graphs, and maps bring the analysis to life and amplify crucial developments in real-world events and the latest findings in research. The contributors include many leading scholars in the field from the US and Europe.

Africa 2017-2018 Francis Wiafe-Amoako, 2017-08-17 *The World Today Series: Africa* provides students with vital information on all countries on the African continent through a thorough and expert overview of political and economic histories, current events, and emerging trends. Each country is examined through the following sections: Basic Facts; Land and People; The Past: Political and Economic History; The Present: Contemporary Issues; and The Future. In addition to country chapters, the book features extended essays on Africa's Historical Background and the Colonial Period. The combination of factual accuracy and up-to-date detail along with its informed projections make this an outstanding resource for researchers, practitioners in international development, media professionals, government officials, potential investors and students. The content is thorough yet perfect for a one-semester introductory course or general library reference. Available in both print and e-book formats and priced low to fit student and library budgets.

Democracy and Fake News Serena Giusti, Elisa Piras, 2020-12-29 This book explores the challenges that disinformation, fake news, and post-truth politics pose to democracy from a multidisciplinary perspective. The authors analyse and interpret how the use of technology and social media as well as the emergence of new political narratives has been progressively changing the information landscape, undermining some of the pillars of democracy. The volume sheds light on some topical questions connected to fake news, thereby contributing to a fuller understanding of its impact on democracy. In the Introduction, the editors offer some orientating definitions of post-truth politics, building a theoretical framework where various different aspects of fake news can be understood. The book is then divided into three parts: Part I helps to contextualise the phenomena investigated, offering definitions and discussing key concepts as well as aspects linked to the

manipulation of information systems, especially considering its reverberation on democracy. Part II considers the phenomena of disinformation, fake news, and post-truth politics in the context of Russia, which emerges as a laboratory where the phases of creation and diffusion of fake news can be broken down and analysed; consequently, Part II also reflects on the ways to counteract disinformation and fake news. Part III moves from case studies in Western and Central Europe to reflect on the methodological difficulty of investigating disinformation, as well as tackling the very delicate question of detection, combat, and prevention of fake news. This book will be of great interest to students and scholars of political science, law, political philosophy, journalism, media studies, and computer science, since it provides a multidisciplinary approach to the analysis of post-truth politics.

Regulations for the Army of the United States United States. War Department, 1930

Serving Those Who Served Sarah LeMire, Kristen J. Mulvihill, 2017-02-06 Practical advice on how best to serve veterans, service members, and their families in your community, including effective ways to develop new outreach partnerships and collaborations. Whether you work in a public library, an academic library, a school library, or any other type of library, you are likely to encounter members of the veteran and military communities. This book is a starting point to help librarians, library administrators, and all library employees understand how veterans, service members, and their families can be different from other patrons, recognize important elements of military and veteran culture, and identify strategies for effectively serving the veteran and military communities. In this book, you find tips to help you determine the size and the needs of the veteran and military communities in your local area. You'll learn about some common information requests and information-seeking behavior of veterans and service members. You'll discover how to take the needs and also the unique strengths of the veteran and military communities into account when developing library outreach efforts, programs, services, and collections. And you'll gain insights to help you harness the knowledge, strengths, and experiences of the veteran and military communities in order to help them fulfill their potential as an asset to the library and to the community.

Dreaming of Freedom in South Africa David Johnson, 2019-10-14 Assembles for the first time the many different texts imagining the future after the end of apartheid Explores the history of how the future in South Africa after the end of apartheid was imagined Provides the first literary-cultural history of South African speculative fiction Studies the literary-political cultures of the five major traditions of South African anti-colonial/ anti-segregationist/ anti-apartheid thought Focusing on well-known and obscure literary texts from the 1880s to the 1970s, as well as the many manifestos and programmes setting out visions of the future, this book charts the dreams of freedom of five major traditions of anti-colonial and anti-apartheid resistance: the African National Congress, the Industrial and Commercial Workers Union, the Communist Party of South Africa, the Non-European Unity Movement and the Pan-Africanist Congress. More than an exercise in historical excavation, *Dreaming of Freedom in South Africa* raises challenging questions for the post-apartheid present.
