*Collaborative Coaching for Disciplinary Literacy* Laurie Elish-Piper, Susan K. L'Allier, Michael Manderino, Paula Di Domenico, 2016-02-12 Today's standards challenge middle and high school teachers to teach their content deeply and meaningfully. This book provides an innovative coaching model for helping science, social studies, and English language arts teachers promote the reading, writing, listening, speaking, and thinking skills needed for high-level work in each discipline. Seventeen specific strategies are presented for large-group, small-group, and individual coaching, including step-by-step instructions and implementation tips. Profiles of highly effective disciplinary literacy coaches illustrate the nuts and bolts of the job and highlight ways to deal with common challenges. In a large-size format for easy photocopying, the book includes 21 reproducible forms. Purchasers get access to a Web page where they can download and print the reproducible materials.

**Atomic Habits** James Clear, 2018-10-16 The #1 New York Times bestseller. Over 20 million copies sold! Translated into 60+ languages! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to

quit smoking, lose weight, reduce stress, or achieve any other goal.

**The Common Core Coaching Book** Laurie Elish-Piper, Susan K. L'Allier, 2014-04-24 This book provides essential coaching tools to support teachers in planning and implementing instruction aligned with the Common Core State Standards (CCSS). The authors explain the key instructional shifts brought about by the CCSS in K-5 English language arts classrooms. Eighteen specific strategies for coaching large groups, small groups, and individual teachers are presented, including clear-cut procedures, vivid illustrative examples, and 26 reproducible forms. Grounded in research on adult learning, the book addresses common coaching challenges and how to overcome them. The large-size format facilitates photocopying; purchasers also get access to a Web page where they can download and print the reproducible materials. This title is part of the Teaching Practices That Work Series, edited by Diane Lapp and Douglas Fisher.

*Attitude Is Everything* Paul J. Meyer, 2003-01-01

*Instructional Coaching* Jim Knight, 2007-05-01 An innovative professional development strategy that facilitates change, improves instruction, and transforms school culture! Instructional coaching is a research-based, job-embedded approach to instructional intervention that provides the assistance and encouragement necessary to implement school improvement programs. Experienced trainer and researcher Jim Knight describes the nuts and bolts of instructional coaching and explains the essential skills that instructional coaches need, including getting teachers on board, providing model lessons, and engaging in reflective conversations. Each user-friendly chapter includes: First-person stories from successful coaches Sidebars highlighting important information A Going Deeper section of suggested resources Ready-to-use forms, worksheets, checklists, logs, and reports

CRazYZoo! Fritz R. Glaus, 2006-08-15 Is there such a thing as a shortcut to self-knowledge? CRazYZoo! is a fable filled with action and with relationship challenges that illustrate the use of a novel but proven method of learning to understand oneself and others and of charting one's own road to success. You are invited to make an initial decision about yourself as you start reading the book and another one as you progress through the story -- and you are on your way to self-discovery! This highly successful method of self-knowledge is being used by a growing number of trainers and facilitators, as it enables participants to increase their self-esteem, develop open-mindedness and tolerance, strengthen their ability to communicate and to discover opportunities for improvement and to solve problems. YOU can use it now on your own to learn to know yourself better and to become greater and more successful as a person.

*Smart Growth* Edward D. Hess, 2010 Wall Street believes that all public companies should grow smoothly and continuously, as evidenced by ever-increasing quarterly earnings, and that all companies either grow or die. Introducing a research-based growth model called Smart Growth, Edward D. Hess challenges this ethos and its dangerous mentality, which often deters real growth and pressures businesses to create, manufacture, and purchase noncore earnings just to appease

Wall Street. Smart Growth accounts for the complexity of growth from the perspective of organization, process, change, leadership, cognition, risk management, employee engagement, and human dynamics. Authentic growth is much more than a strategy or a desired result. It is a process characterized by complex change, entrepreneurial action, experimental learning, and the management of risk. Hess draws on extensive public and private company research, incorporating case studies of Best Buy, Sysco, UPS, Costco, Starbucks, McDonalds, Coca Cola, Room & Board, Home Depot, Tiffany & Company, P&G, and Jet Blue. With conceptual innovations such as an Authentic Earnings and Growth System framework, a seven-step growth funnel pipeline, a Growth Decision Template, and a Growth Risks Audit, Hess provides a blueprint for an enduring business that strives to be better, rather than simply bigger.

**Coaching Students with Executive Skills Challenges** Peg Dawson, Richard Guare, 2023-04-24 With 55% new material, the significantly revised second edition of this influential resource presents a refined coaching model and an expanded set of tools for helping K-12 students live up to their potential in school and beyond. The book describes how to provide evidence-based, individualized instruction and support for kids and teens with executive skills challenges. Adaptations for coaching students with disabilities are discussed. In a convenient large-size format, the book features over two dozen reproducible forms and handouts; coaches can download and print additional copies as needed. New to This Edition \*Two new chapters on coaching 5- to 8-year-olds (K-3), and more material on younger students throughout. \*Shows how to enhance coaching by incorporating motivational interviewing and cognitive rehearsal strategies. \*Chapter of case examples, plus chapters on self-assessment for coaches and the building blocks of executive skills coaching. \*Expanded content on goal setting, action planning, and progress monitoring. \*Updated research and revised reproducible tools. This book is in The Guilford Practical Intervention in the Schools Series, edited by Sandra M. Chafouleas.

**Ninja Selling** Larry Kendall, 2017-01-03 2018 Axiom Business Book Award Winner, Gold Medal Stop Selling! Start Solving! In *Ninja Selling*, author Larry Kendall transforms the way readers think about selling. He points out the problems with traditional selling methods and instead offers a science-based selling system that gives predictable results regardless of personality type. *Ninja Selling* teaches readers how to shift their approach from chasing clients to attracting clients. Readers will learn how to stop selling and start solving by asking the right questions and listening to their clients. *Ninja Selling* is an invaluable step-by-step guide that shows readers how to be more effective in their sales careers and increase their income-per-hour, so that they can lead full lives. *Ninja Selling* is both a sales platform and a path to personal mastery and life purpose. Followers of the *Ninja Selling* system say it not only improved their business and their client relationships; it also improved the quality of their lives.

*Coaching College Students with Executive Function Problems* Mary R. T. Kennedy, 2017-05-10 Although executive

function difficulties are often addressed in school-age children, there are few resources showing professionals how to help these individuals when they are older. This book presents a dynamic coaching model that helps college students become self-regulated learners by improving their goal-setting, planning, time management, and organizational skills. Ideal for use with students with attention-deficit/hyperactivity disorder (ADHD), learning disabilities, acquired brain injury, and other challenges, Mary R. T. Kennedy's approach incorporates motivational interviewing and emphasizes practical problem solving. User-friendly features include numerous concrete examples, sample dialogues, and print and online resource listings. In a large-size format for easy photocopying, the book contains 21 reproducible forms. Purchasers get access to a Web page where they can download and print the reproducible materials for repeated use.

**The Impact Cycle** Jim Knight, 2017-07-28 Jim Knight is one of the wise men of coaching. His well is deep; he draws from it the best tools from practitioners, the wisdom of experience, and research-based insights. And he never loses sight of the bigger picture: the point of all this is to have more impact in this life we're lucky enough to live. —MICHAEL BUNGAY STANIER, Author of *The Coaching Habit Identify . . . Learn . . . Improve* When it comes to improving practice, few professional texts can rival the impact felt by Jim Knight's *Instructional Coaching*. For hundreds of thousands of educators, Jim bridged the long-standing divide between staff room and classroom offering up a much a more collaborative, respectful, and efficient PD model for achieving instructional excellence. Now, one decade of research and hundreds of in-services later, Jim takes that work a significant step further with *The Impact Cycle*: an all-new instructional coaching cycle to help teachers and, in turn, their students improve in clear, measurable ways. Quintessential Jim, *The Impact Cycle* comes loaded with every possible tool to help you reach your coaching goals, starting with a comprehensive video program, robust checklists, and a model *Instructional Playbook*. Quickly, you'll learn how to Interact and dialogue with teachers as partners Guide teachers to identify emotionally compelling, measurable, and student-focused goals Set coaching goals, plan strategies, and monitor progress for optimal impact Use documentary-style video and text-based case studies as models to promote maximum teacher clarity and proactive problem solving Streamline teacher enrollment, data collection, and deep listening Jim writes, When we grow, improve, and learn, when we strive to become a better version of ourselves, we tap into something deep in ourselves that craves that kind of growth. Read *The Impact Cycle* and soon you'll discover how you can continually refine your practice to help teachers and students realize their fullest potential.

*Life Coaching* Michael Neenan, Windy Dryden, 2013-06-26 The way we think profoundly influences the way we feel, so learning to think differently can enable us to feel and act differently. The first edition of *Life Coaching* successfully showed how to tackle self-defeating thinking and replace it with a problem-solving outlook, providing clear and helpful advice on: Dealing with troublesome emotions Overcoming procrastination Becoming assertive Tackling poor time management Persisting at problem solving Handling criticism constructively Taking risks and making better decisions. The new edition

retains the key features, while offering a brand new chapter on the emerging topic of resilience as well updates throughout. It will continue to be invaluable to all those who are interested in becoming more personally effective in their everyday lives, and also to counsellors in practice and training.

**Your Best Year Ever** Michael Hyatt,2023-11-14 We all want to live a life that matters. But too often we find ourselves overwhelmed by the day-to-day. Our big goals get pushed to the back burner--and then, more often than not, they get forgotten. It doesn't have to be that way! This is the year you finally close the gap between reality and your dreams. In this new, fully revised and updated edition of *Your Best Year Ever*, Michael Hyatt shares a powerful, proven, research-driven system for setting and achieving your goals. You'll learn how to design your best year ever by discovering what's holding you back, how to overcome past setbacks, how to set and pursue worthy goals without quitting, what to do when you feel stuck, and much more. If you're tired of not seeing progress in your personal, intellectual, professional, relational, or financial goals, it's time for you to have your best year ever!

*Coaching and Mentoring for Business* Grace McCarthy,2014-03-14 *Coaching and Mentoring for Business* seeks to go beyond the vast body of skills-based literature that dominates the study of coaching and mentoring and focus on the contribution that coaching can make to the implementation of human resource strategy and organizational strategy. Grace McCarthy includes an introduction to coaching and mentoring theory, then goes on to look at coaching and mentoring skills, and how they may be applied in relation to individual change, coaching and mentoring for leaders and by leaders, coaching and mentoring for strategy, innovation and organisational change, as well as coaching and mentoring in cross-cultural and virtual contexts. *Coaching and Mentoring for Business* also explores ethical issues in coaching and mentoring before concluding with the evaluation of success in coaching and mentoring and a discussion of emerging issues. Key Features: Vignettes to help readers consolidate their learning by illustrating real life situations Web links to useful academic and professional resources A companion website with PowerPoint slides, a lecturer's guide and self-assessment quizzes available

**Smart and Smarter** James E. Gardner,1999 *Smart and Smarter* teaches parents and educators how to enhance a child's educational achievement. Specific instruments used by Gardner are the Behavioral Assessment Rating Inventory (BARI), developed by Gardner, and the Weschler Intelligence Scale for Children. Both were developed specifically for assessing a child's developmental level and intellectual level. No other book on enhancing the intelligence of children uses both of these instruments, which possess both diagnostic and prescriptive teaching qualities.

**Sprint** Jake Knapp,John Zeratsky,Braden Kowitz,2016-03-08 From inside Google Ventures, a unique five-day process for solving tough problems, proven at thousands of companies in mobile, e-commerce, healthcare, finance, and more. Entrepreneurs and leaders face big questions every day: What's the most important place to focus your effort, and how do you start? What will your idea look like in real life? How many meetings and discussions does it take before you can be sure

you have the right solution? Now there's a surefire way to answer these important questions: the Design Sprint, created at Google by Jake Knapp. This method is like fast-forwarding into the future, so you can see how customers react before you invest all the time and expense of creating your new product, service, or campaign. In a Design Sprint, you take a small team, clear your schedules for a week, and rapidly progress from problem, to prototype, to tested solution using the step-by-step five-day process in this book. A practical guide to answering critical business questions, Sprint is a book for teams of any size, from small startups to Fortune 100s, from teachers to nonprofits. It can replace the old office defaults with a smarter, more respectful, and more effective way of solving problems that brings out the best contributions of everyone on the team—and helps you spend your time on work that really matters.

**The Handbook for SMART School Teams** Anne E. Conzemius, Jan O'Neill, 2013-12-18 Prepare your students for the future while juggling the expectations of multiple stakeholders! A fresh take on the classic first edition, this guide defines and advocates SMART goals—goals that are Strategic and specific, Measurable, Attainable, Results oriented, and Time bound. Gain a schoolwide understanding of how to cultivate a productive collaborative culture, and engage every member of your team in the process.

**How to Take Smart Notes** Sönke Ahrens, 2022-03-11 This is the second, revised and expanded edition. The first edition was published under the slightly longer title How to Take Smart Notes. One Simple Technique to Boost Writing, Learning

and Thinking - for Students, Academics and Nonfiction Book Writers. The key to good and efficient writing lies in the intelligent organisation of ideas and notes. This book helps students, academics and other knowledge workers to get more done, write intelligent texts and learn for the long run. It teaches you how to take smart notes and ensure they bring you and your projects forward. The Take Smart Notes principle is based on established psychological insight and draws from a tried and tested note-taking technique: the Zettelkasten. This is the first comprehensive guide and description of this system in English, and not only does it explain how it works, but also why. It suits students and academics in the social sciences and humanities, nonfiction writers and others who are in the business of reading, thinking and writing. Instead of wasting your time searching for your notes, quotes or references, you can focus on what really counts: thinking, understanding and developing new ideas in writing. Dr. Sönke Ahrens is a writer and researcher in the field of education and social science. He is the author of the award-winning book "Experiment and Exploration: Forms of World Disclosure" (Springer). Since its first publication, How to Take Smart Notes has sold more than 100,000 copies and has been translated into seven languages.
