**Customer Relationship Management** Srivastava Mallika, With the aim of developing a successful CRM program this book begins with defining CRM and describing the elements of total customer experience, focusing on the front-end organizations that directly touch the customer. The book further discusses dynamics in CRM in services, business market, human resource and rural market. It also discusses the technology aspects of CRM like data mining, technological tools and most importantly social CRM. The book can serve as a guide for deploying CRM in an organization stating the critical success factors. KEY FEATURES • Basic concepts of CRM and environmental changes that lead to CRM adoption • Technological advancements that have served as catalyst for managing relationships • Customer strategy as a necessary and important element for managing every successful organization • CRM is not about developing a friendly relationship with the customers but involves developing strategies for retention, and using them for achieving very high levels of customer satisfaction • The concept of customer loyalty management as an important business strategy • The role of CRM in business market • The importance of people factor for the organization from the customer's perspective • Central role of customer related databases to successfully deliver CRM objectives • Data, people, infrastructure, and budget are the four main areas that support the desired CRM strategy

**Bancassurance** Jagendra Rana, 2024-10-03 The bancassurance partnership represents a significant step towards providing accessible and comprehensive insurance solutions, helping increase insurance penetration in the country. The bancassurance tie-up with Insurers aligns with the commitment to provide comprehensive financial solutions under one roof and deliver unparalleled value to the customers. Bancassurance is not a type of insurance but a sales channel for the selling of insurance products through banks. It is common in much of the world today and growing in acceptance in the India. For banks and insurance companies, bancassurance can be a profitable enterprise. For consumers it can be convenient, although it may discourage comparison shopping and limit their access to expert advice. An insurance company develops a product line for bank customers as part of their collaboration, which is then distributed through bank branches. Insurance policies are processed and administered by the insurance company. The partnership offers a wide range of insurance solutions to

meet diverse consumer needs
