Bancassurance Jagendra Rana, 2024-10-03 The bancassurance partnership represents a significant step towards providing accessible and comprehensive insurance solutions, helping increase insurance penetration in the country. The bancassurance tie-up with Insurers aligns with the commitment to provide comprehensive financial solutions under one roof and deliver unparalleled value to the customers. Bancassurance is not a type of insurance but a sales channel for the selling

of insurance products through banks. It is common in much of the world today and growing in acceptance in the India. For banks and insurance companies, bancassurance can be a profitable enterprise. For consumers it can be convenient, although it may discourage comparison shopping and limit their access to expert advice. An insurance company develops a product line for bank customers as part of their collaboration, which is then distributed through bank branches. Insurance policies are processed and administered by the insurance company. The partnership offers a wide range of insurance solutions to meet diverse consumer needs

Indian Agriculture & Agri-Business Management, 2 Nd Ed. Diwase, S., 2014-05-01 The book 'Indian Agriculture and Agribusiness Management' aims at providing students of agribusiness, teachers, researchers, professionals and all those interested in the field of agriculture with a broader understanding of agribusiness as a system and the key concepts needed to successfully manage an agribusiness enterprise. It serves as a basis to gain a comprehensive understanding of how the agribusiness system operates and the challenges faced in the movement of food and fiber from the producer to the ultimate consumer. The first part of the book helps in understanding the context within which agribusinesses operate in India. It focuses on the breadth and scope of agribusiness in India, policy initiatives undertaken by the Indian Government and the legal framework within which they function. The second half of the book deals with the complex network of inter related activities performed on the farm and past the farm gate such as natural resource management, input management, marketing management, supply chain management and risk management, as well as the institutional linkages needed for the same. It addresses issues relevant to decision making in a rapidly changing, highly competitive market environment led by

technological advancement in area such as information technology and biotechnology. It provides an insight into management challenges related to rising input costs and shifting consumer preferences. Cases pertaining to the best practices and potential strategies adopted by a few innovative, successful organizations have also been incorporated. The book also incorporates several case studies that highlight the various concepts discussed in the different chapters.
