Look for the hit series “A Discovery of Witches,” now streaming on AMC+, Sundance Now, and Shudder! Deborah Harkness’s sparkling debut, A Discovery of Witches, has brought her into the spotlight and galvanized fans around the world. In this tale of passion and obsession, Diana Bishop, a young scholar and a descendant of witches, discovers a long-lost and enchanted alchemical manuscript, Ashmole 782, deep in Oxford's Bodleian Library. Harkness has created a universe to rival those of Anne Rice, Diana Gabaldon, and Elizabeth Kostova, and she adds a scholar's depth to this riveting tale of magic and suspense. The story continues in book two, Shadow of Night, book three, The Book of Life, and the fourth in the series, Time’s Convert.

The Romance of Flamenca E. D. Blodgett,2014-04-23 Variouslly described as a comedy of manners, a psychological romance, and a type of fabliau, the 13th-century narrative Flamenca is the best medieval romance written in Occitan. Its uniqueness springs from qualities that anticipate the preoccupations of modern-day narrative. Not content with being a love story fraught with risk and intrigue, the poem is layered with responses to the troubadour tradition of love and poetry, as well as the Bible and the classics. Though among the most bookish of romances, its tone is invariably ironic, comic, and satirical. This playfulness may be measured by the variety and vehemence of critical response to the poem. Is it a vindication of the troubadour ideal, a mockery of the Church, a satire on jealous husbands, or an undermining of the ideals that romance

is said to inscribe? Or is it all of these elements held in suspense? The introduction confronts these questions. The most recent edition and translation of *Flamenca*, by Hubert and Porter, is now out of print; their translation was into octosyllabic couplets that match the original. Blodgett's translation is unrhymed and line-for-line, on pages facing the edition; it adheres as closely as possible to the literal meaning of the original. The edition follows the recent text prepared by Gschwind.

Petit, the Monster, 2010 Petit wonders why some things that he does, like playing with his dog, make him a good boy, while others, like pulling girl's hair, make him bad, and how it is that he can be both bad and good.

Space and the Postmodern Fantastic in Contemporary Literature Patricia Garcia, 2015-04-24 Arising from the philosophical conviction that our sense of space plays a direct role in our apprehension and construction of reality (both factual and fictional), this book investigates how conceptions of postmodern space have transformed the history of the impossible in literature. Deeply influenced by the work of Jorge Luis Borges and Julio Cortázar, there has been an unprecedented rise in the number of fantastic texts in which the impossible is bound to space — space not as scene of action but as impossible element performing a fantastic transgression within the storyworld. This book conceptualizes and contextualizes this postmodern, fantastic use of space that disrupts the reader's comfortable notion of space as objective reality in favor of the concept of space as socially mediated, constructed, and conventional. In an illustration of the transnational nature of this phenomenon, García analyzes a varied corpus of the Fantastic in the past four decades from different cultures and languages, merging literary analysis with classical questions of space related to the fields of philosophy, urban studies, and anthropology. Texts include authors such as Julio Cortázar (Argentina), John Barth (USA), J.G. Ballard (UK), Jacques Sternberg (Belgium), Fernando Iwasaki (Perú), Juan José Millás (Spain,) and Éric Faye (France). This book contributes to Literary Theory and Comparative Literature in the areas of the Fantastic, narratology, and Geocriticism and informs the continuing interdisciplinary debate on how human beings make sense of space.

The Platinum Age of Television David Bianculli, 2017-09-05 Television today is better than ever. From *The Sopranos* to *Breaking Bad*, *Sex and the City* to *Girls*, and *Modern Family* to *Louie*, never has so much quality programming dominated our screens. them the sitcom, the crime show, the miniseries, the soap opera, the Western, the animated series, the medical drama, and the variety show. In each genre he selects five key examples of the form to illustrate its continuities and its dramatic departures. Drawing on exclusive and in-depth interviews with many of the most famed auteurs in television history, Bianculli shows how the medium has evolved into the premier form of visual narrative art. Includes interviews with: MEL BROOKS, MATT GROENING, DAVID CHASE, KEVIN SPACEY, AMY SCHUMER, VINCE GILLIGAN, AARON SORKIN, MATTHEW WEINER, JUDD APATOW, LOUIS C.K., DAVID MILCH, DAVID E. KELLEY, JAMES L. BROOKS, LARRY DAVID, KEN BURNS, LARRY WILMORE, AND MANY, MANY MORE

Fun Home Alison Bechdel, 2007 A fresh and brilliantly told memoir from a cult favorite comic artist, marked by gothic twists, a family funeral home, sexual angst, and great books. This breakout book by Alison Bechdel is a darkly funny family tale, pitch-perfectly illustrated with Bechdel's sweetly gothic drawings. Like Marjane Satrapi's *Persepolis*, it's a story exhilaratingly suited to graphic memoir form. Meet Alison's father, a historic preservation expert and obsessive restorer of the family's Victorian home, a third-generation funeral home director, a high school English teacher, an icily distant parent, and a closeted homosexual who, as it turns out, is involved with his male students and a family babysitter. Through narrative that is alternately heartbreaking and fiercely funny, we are drawn into a daughter's complex yearning for her father. And yet, apart from assigned stints dusting caskets at the family-owned fun home, as Alison and her brothers call it, the relationship achieves its most intimate expression through the shared code of books. When Alison comes out as homosexual herself in late adolescence, the denouement is swift, graphic -- and redemptive.

Juan de la Rosa Nataniel Aguirre, 1999-04-29 Long considered a classic in Bolivia, Juan de la Rosa tells the story of a young boy's coming of age during the violent and tumultuous years of Bolivia's struggle for independence. Indeed, in this remarkable novel, Juan's search for his personal identity functions as an allegory of Bolivia's search for its identity as a nation. Set in the early 1800s, the novel is narrated by one of the last surviving Bolivian rebels, octogenarian Juan de la Rosa. Juan recreates his childhood in the rebellious town of Cochabamba, and with it a large cast of full bodied, Dickensian characters both heroic and malevolent. The larger cultural dislocations brought about by Bolivia's political upheaval are echoed in those experienced by Juan, whose mother's untimely death sets off a chain of unpredictable events that propel him into the fiery crucible of the South American Independence Movement. Outraged by Juan's outspokenness against Spanish rule and his awakening political consciousness, his loyalist guardians banish him to the countryside, where he witnesses firsthand the Spaniards' violent repression and rebels' valiant resistance that crystallize both his personal destiny and that of his country. In Sergio Gabriel Waisman's fluid translation, English readers have access to Juan de la Rosa for the very first time.

The Farm in the Green Mountains Alice Herdan-Zuckmayer, 2017-05-02 The charming, return-to-the-land memoir of a

refugee family who flees Nazi Germany and finds their true home in the backwoods of rural Vermont Alice and Carl Zuckmayer lived at the center of Weimar-era Berlin. She was a former actor turned medical student, he was a playwright, and their circle of friends included Stefan Zweig, Alma Mahler, and Bertolt Brecht. But then the Nazis took over, and Carl's most recent success—a play satirizing German militarism—impressed them in all the wrong ways. The couple and their two daughters were forced to flee, first to Austria, then to Switzerland, and finally to the United States. Los Angeles didn't suit them, neither did New York, but a chance stroll in the Vermont woods led them to Backwoods Farm and the eighteenth-century farmhouse where they would spend the next five years. In Europe, the Zuckmayers were accustomed to servants; in Vermont, they found themselves building chicken coops, refereeing fights between fractious ducks, and caring for temperamental water pipes "like babies." But in spite of the endless work and the brutal, depressing winters, Alice found that in America she had at last discovered her "native land." This generous, surprising, and witty memoir, a best seller in postwar Germany, has all the charm of an unlikely romantic comedy.

The Unseen Nanni Balestrini, 2012-01-02 For a brief explosive period in the mid-1970s, the young and the unemployed of Italy's cities joined the workers in an unexpectedly militant movement known simply as Autonomy (Autonomia). Its "politics of refusal" united its opponents behind draconian measures more severe than any seen since the war. Nanni Balestrini, the poet of youth rebellion, himself a victim of that repression, has invented a remarkable fictional form to express the hopes and conflicts of the movement. In spare but vivid prose, *The Unseen* follows Autonomy's trajectory through the eyes of a single working-class protagonist—from high-school rebellion, squatting and attempts to set up a free radio station to arrest and the brutalities of imprisonment. This is a powerful and gripping novel: a rare evocation of the intensity of commitment, the passion of politics.

Surrealism and the Occult Nadia Choucha, 1992-10 Searching for a deeper understanding of the power and influence of surrealist art, Nadia Choucha clearly confirms that many surrealists and their predecessors were steeped in magical ideas. The Theosophical involvement of Kandinsky, the visionary paintings of Salvador Dali, the alchemy of Pablo Picasso, and the shamanism of Max Ernst and Leonora Carrington all demonstrate the fundamental and dynamic impact of magic and mysticism on surrealism. Surrealist artists believed that society had much to learn from the unconditioned, spontaneous forms of art produced by spiritual mediums, children, untutored artists, and the insane. In their attempt to tap the unconscious regions of the mind, the surrealists borrowed imagery from alchemy, the Tarot, Gnosticism, Tantra, and other esoteric traditions and sought inspiration from ancient myths, 'irrational' thought, and ethnic art. Enhanced by both color and black-and-white reproductions of fine art, Choucha's account explains the intimate connections between occult and surrealist philosophies and provides an essential key to the mysteries of the surrealist movement and the forces that give it life --Back cover.

Mapping the Fiction of Cristina Fernández Cubas Kathleen Mary Glenn, Janet Pérez, 2005 Cristina Fernandez Cubas is, without question, one of the most important of the Spanish writers who have begun to publish since the end of the Franco dictatorship. Credited with playing a major role in the renaissance of the short story in Spain, she has won national and international acclaim for her fiction. Works by her have been translated into eight languages and have become a staple of university courses on contemporary Peninsular literature. Fernandez Cubas has created a remarkably coherent narrative world, nourished by a core of fundamental concerns. The eleven essays of *Mapping the Fiction of Cristina Fernandez Cubas* examine the intellectual preoccupations, narrative strategies, and rhetorical devices that distinguish the four volumes of short stories, two novels, the play, and the book of memoirs that she has published to date.

Happy Hour Peter Milligan, 2021-09-07 In a near-future America, happiness isn't just a right—it's the law. A timely tale by superstar writer Peter Milligan (*X-Statix*, *The Prisoner*) and artist Michael Montenat (*Dominion*, *Hellraiser Annual*). In future America, being happy isn't just a right—it's the law. While the Joy Police brutally enforce the cheery code, two young people go on the run, searching for a haven of melancholy where they can safely bask in the blues. A timely tale by superstar writer Peter Milligan (*X-Statix*, *The Prisoner*) and artist Michael Montenat (*Dominion*, *Hellraiser Annual*).

Azul Rubén Darío, 2021-03-24 *Azul...* (1888) is a book of stories and poems by Rubén Darío. Written while the poet was living in Chile, *Azul...* has been recognized as a pioneering work of Hispanic Modernism that launched the career of a leading Latin American poet. Both experimental and traditional, *Azul...* blends Darío's concern over the sustainability of modern life with his abiding interest in the myths and magic of ancient cultures. Infused with classical symbolism, inspired by the myth and philosophy of Ancient Greece, Rubén Darío's *Azul...* bridges the gap between ancient and modern. Rather than focus on the differences between the two, he envisions the past as a living entity, allowing history and fantasy to coincide with the social realities of his time. In these poems and stories, fairies from the plays of Shakespeare appear alongside the working men and women of Latin America. Dreams coincide with a reality mired in poverty, labor, and passionless social climbing. Poets and port workers sing and die in a city of ghostly beauty. *Azul...* is less a book than it is an experience, and nearly a century and a half after its publication it remains one worth the taking. With a beautifully designed cover and professionally typeset manuscript, this edition of Rubén Darío's *Azul...* is a classic of Nicaraguan literature reimagined for modern readers.

"Chatter" Peter David Fenves, 1993 This book shows that in "chatter" Kierkegaard uncovered a specifically linguistic mode of negativity, which became the medium in which a non-speculative and non-historicism presentation of history could be carried out. The author examines in detail those writings of Kierkegaard in which he undertook complex negotiations with the threat—and also the promise—of "chatter."

The Hapless Child Edward Gorey, 2008 The short, tragic life of Charlotte Sophia is told in this satire of sentimental Victorian orphan tales.
