How to be the Smartest Renter on Your Block HOME Line,2011-03-30 HOME Line wrote *How to Be the Smartest Renter on Your Block* to help renters through the process of finding, getting, and maintaining rental housing. Reflecting upon the real-life concerns we hear through thousands of questions on our tenant hotline, this book gives advice on the best ways to handle and avoid the most common rental problems. This book follows the rental process from beginning to end with several additional chapters on unique rental housing situations. The book begins with advice regarding finding and applying for an apartment and moves on to understanding the terms of a lease. Next, some of the most common issues renters run into once they've moved in are covered: getting repairs made, dealing with neighbors, right to privacy, and more. Later, the book addresses what to expect when a renter intends to move out of an apartment and how to make sure a security deposit is returned. Furthermore, several immediate emerging issues in the rental market are covered: What does a renter do when a landlord is in foreclosure? Who is responsible for paying when an apartment becomes infested with bedbugs? Lastly, we take a detailed look at community organizing and how tenants can work collectively to hold their landlords and elected officials accountable. *How to Be the Smartest Renter on Your Block* answers these questions and more.

Climbing Mount Laurel Douglas S. Massey, Len Albright, Rebecca Casciano, Elizabeth Derickson, David N. Kinsey, 2013-07-21 A close look at the aftereffects of the Mount Laurel affordable housing decision Under the New Jersey State Constitution as interpreted by the State Supreme Court in 1975 and 1983, municipalities are required to use their zoning authority to create realistic opportunities for a fair share of affordable housing for low- and moderate-income households. Mount Laurel was the town at the center of the court decisions. As a result, Mount Laurel has become synonymous with the debate over affordable housing policy designed to create economically integrated communities. What was the impact of the Mount Laurel decision on those most affected by it? What does the case tell us about economic inequality? Climbing Mount Laurel undertakes a systematic evaluation of the Ethel Lawrence Homes—a housing development produced as a result of the Mount Laurel decision. Douglas Massey and his colleagues assess the consequences for the surrounding neighborhoods and their inhabitants, the township of Mount Laurel, and the residents of the Ethel Lawrence Homes. Their analysis reveals what social scientists call neighborhood effects—the notion that neighborhoods can shape the life trajectories of their inhabitants. Climbing Mount Laurel proves that the building of affordable housing projects is an efficacious, cost-effective approach to integration and improving the lives of the poor, with reasonable cost and no drawbacks for the community at large.
