Some Wild Things Bill Jones, 2013-04 Some Wild Things is a fictional fast-moving humorous adult story based on the premise that there is no such thing as coincidence-whatever happens in life is ultimately meant to be. It addresses dramatic events, at times horrific, that take place when cross sections of people from different walks of life become entwined in a net of circumstance and chaos beyond their control. This culminates in a web of intrigue played out against an expeditious backdrop of romance, violence, incest, and murder. The protagonists are a sordid, interbred trailer park family that ruthlessly blazes a trail of cold-blooded havoc across an arid and hostile mineral-rich desert region that is plagued by incessant sandstorms and is home to a population of lethal Egyptian cobras. It is a story of double-dealing mining corruption, where an opposing mining conglomerate is on a ruthless mission to control and, if necessary, destroy their opposition. This leads to a terrifying web of bizarre ongoing pandemonium that involves assassination, gold bullion heists, and international drug syndicates under the guise of touring magicians. This lethal, somewhat humorous family spearheads the high-speed action and never-ending mayhem throughout the story, concluding with a double-dealing rip-off by entrepreneurial Somali pirates raising finance for their cause. Some Wild Things is dramatic, fast, and funny, with a sprinkling of brutal insanity that endorses once again the premise that there is no such thing as coincidence. Think Pulp Fiction, Kill Bill, and Two Smoking Barrels and you've got Some Wild Things.

Another One Aleatha Romig, 2018-05-15 Forbidden romance never felt so good! Will true love get a second chance? Trevor Willis is sexy, sweet, and oh so fun. He's also my best friend's brother-in-law. That should mean he's off-limits—or that I should be off-limits to him. Someone probably should have told us that before my best friend married his brother, before the morning of the wedding when we woke in each other's arms, before I woke with gaping holes in my memory. They didn't. We did. *** Shana Price is that one woman. Usually shy and awkward, I want to be more for her—and in her presence I am more. I don't even have to try. She's my one. I knew it the moment I first met her. The problem is the little hassle of the thousands of miles between us. Now, everything has changed. Shana is back in the United States—all I have to do is make her see that her job isn't the only reason to stay. From New York Times bestselling author Aleatha Romig, get ready to laugh out loud, swoon, and fall in love with this fun and sexy friends to lovers, forbidden romance stand-alone novel. ANOTHER ONE is set in the same world as PLUS ONE, yet the two may be read in any order.

The History of Freemasonry in Kentucky, in Its Relations to the Symbolic Degrees Robert MORRIS (Freemason, the Elder.), 1859

Plus One Aleatha Romig, 2017-05-16 Blackmailing my sexy boss, the one with a panty-melting smirk into being my plus-one for a wedding in my hometown while staying at my parents' house for the long weekend—what could possibly go wrong? Duncan Willis is sexy and confident, the kind of man every woman notices. You know, the one with the to-die-for body. And then there's the way his designer suits drape over his broad shoulders and big...well, we've all heard the rumors, the ones that say he's up for any challenge. Men like him don't notice women like me, and they don't date them. Until that one time that I catch him in a compromising position when I'm also in need of a last-minute date for a wedding...and then it's not a real one, simply a plus-one. It's blackmail. *** That's what Kimbra Jones thinks. Letting her believe she blackmailed me may not be the most conventional way to get on her radar, but I didn't get this far in business without knowing when to seize an opportunity. If this sexy, little firecracker with perfectly kissable lips thinks she can trick me into attending her cousin's wedding, I'm going to jump at the chance to be her plus-one. A sexy, fun fake-date, office romance stand-alone from New York Times bestselling author Aleatha Romig. You love her darker side. Now it's time to meet Leatha, the lighter side of Aleatha.

Hip Capitalism Susan Krieger, 1979-06 The incredible story of a San Francisco rock music radio station and its transformation from underground, hippie origins to commercial success. Susan Krieger examines the immense importance of the sixties in shaping the attitudes of contemporary generations. Flower children and corporations clash in this account of chaos in that decade.
