**Indiana Notary Public Guide** Indiana Secretary of State, 2019-04-06 A notary is a public official responsible for independently verifying signatures and oaths. Depending on how a document is written, a notarization serves to affirm the identity of a signer and the fact that they personally executed their signature. A notarization, or notarial act, officially documents the identity of a party to a document or transaction and the occasion of the signing that others can rely upon, usually at face value. A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. A notary can document that the notary administered an oath to an individual.

Features of Indiana Real Estate License Exam Prep (IN-RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (17 pages) Indiana-Specific Laws and Practices (33 pages) National Practice Tests (500 questions) Indiana Practice Tests (125 questions) Indiana Sample Exam (100 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the Indiana Real Estate License Exam Prep (IN-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works - or fails to work. IN-RELEP is comprehensive in that it contains both key content review

and testing practice. And the text review is Indiana-specific – not just simplistic national content, but terse, relevant and accurate Indiana laws and regulations presented as a well-organized set of state ‘key point reviews’ ideal for pre-test memorization. But let’s not dismiss the importance of the national content either. IN-RELEP’s national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice – one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by PSI for Indiana. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your Indiana PSI license exam. A word about the test questions... IN-RELEP’s testing practice section consists of ten national practice tests, nine state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 100 questions. The test questions are designed to cover the content covered by the law reviews – which reinforces your learning of the total body of information tested by your Indiana exam. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question’s answer is accompanied by a brief explanation, or “rationale” to further reinforce your understanding. In the end, as you know, it’s all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Indiana real estate exam. So good luck!! For students looking for an Indiana prelicense textbook to complement Indiana Real Estate License Exam Prep, we have Principles of Real Estate Practice in Indiana.

Realizing he has compromised his agency obligations due to the inherent conflict of interest, Miles reaches out to those in his own industry, only to be spurned. Undaunted, Miles strikes out on his own to develop a new real estate concept that improves the agency relationship between agents and their buyers and sellers. Like the Occupy Wall Street movement, the novel sets the expectation for a change in the way agents represent their clients.
